Information to Customers

Prices given in this Catalog cancel all previous quotations.

DIRECTIONS FOR SHIPPING.—Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded. When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after the packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the forwarder.

CREDIT.—We extend credit only to regular customers and parties known to us, unless satisfactory reference accompanies order.

CASH WITH ORDER.—We decline to ship goods "Collect on Delivery," unless remittance be made on account to guarantee acceptance. We will allow a discount of 2 per cent. on all orders accompanied by cash.

PRICES AND PACKING.—A reasonable advance will be charged where smaller quantities are ordered than those quoted in this list. Twenty-five will be furnished at hundred rate and five at rate per ten. Our prices do not include packing. On trees, shrubs, etc., packed in boxes and bales, there will be an additional charge for material actually consumed, as follows:

Boxes (including packing)	12 ft. long by 30 in. ends	\$3.50
" " "	10 " " " 30 " "	3.00
" " "	10 " " " 24 " "	2.50
" " "	8 " " " 30 " "	2.50
" " "	8 " " " 24 " "	2.00

Bales, according to size, 15 cents to \$2.50.

No charge is made for cartage from the Nursery to the Railroad Station.

GENERAL CATALOG.—We shall be pleased to mail free a copy of our Illustrated General Catalog to all who indicate a desire for it. The book contains reliable information and descriptions of Trees, Shrubs and Plants hardy in New England. It will be mailed only upon request.

NURSERY INSPECTION.—Our nurseries are inspected by the Massachusetts Department of Agriculture, twice each year, and a certificate declaring them apparently free from all injurious insects and diseases accompanies each shipment.

NON-WARRANTY

While it must be plain to all who give the matter any thought, that it is to our best interest to send out stock which will not only grow, but prove true to name and description, we give no warranty, express or implied, as to description, quality, productiveness or any other matter of any Trees, Shrubs or Plants we send out, and *we will not* be in any way responsible for the crop. If Purchaser does not accept the goods on these terms, they must be returned at once.
